Bioinformatics

“Seeing in the Dark”

Join us to discuss how bioinformatics can illuminate systems and details that are otherwise difficult to see.

Thursday 16th May 19:00 – 21:00

Horsaal 4a, Ground Floor, Grabengasse 3-5, Building 2170

HUB takes the standard seminar format and turns it inside out, enabling active audience participation, exchange of expertise, open discussion, and fun.

Organisers:

Adam Gristwood
Aidan Budd
Damien Devos
Gideon Zipprich
Grainne Kerr
Holger Dinkel
Jon Fuller
Katja Linssen
Matthew Betts
Maria Secrier

**Tell us what you want to talk about...

HUB is collectively organized by bioinformatics scientists and science communicators from across Heidelberg, including from these institutions and more:

EMBL – Heidelberg
Heidelberg Institute for Theoretical Studies
University of Heidelberg
